

The Bisong Blueprint™ - Foundational Video Scripts

Video 1: The Voice That Was Almost Lost

I remember the moment I almost gave up my gift. Not because I wasn't powerful. But because I was unstructured.

I had the words. The presence. The passion. But when I watched the playback... it felt empty.

Beautiful... but disconnected.

My voice had no vehicle. My story had no system. And I was tired of showing up online but still feeling unseen.

That was the moment I realized: Gifted people don't fail because they're not enough.

They fail because they're not aligned.

So I built what I couldn't find: The Bisong Blueprint™.

A 30 + 50 day transformation system for authors, speakers, and spiritual creatives.

It's a broadcast — from your soul. A plan to correct your blind spots. Create your product. Convert your purpose.

Video 2: You Don't Lack a Message — You Lack a Mirror

Let me say something that changed my life: You don't lack a message. You lack a mirror.

I kept asking: 'What's my niche?' I watched others grow while I stood still. But my clarity wasn't missing — it was buried.

That's what The Bisong Blueprint™ is. Not just a coaching tool — it's a spiritual mirror.

Video 4: Visibility Is Spiritual

I used to believe that visibility was ego. That staying quiet made me humble.

But my silence wasn't humility. It was hiding.

Your visibility isn't for applause. It's for alignment.

When the right people hear your voice — their soul remembers who they are.

The Bisong Blueprint™ teaches you to be seen without losing your soul.

There is a voice inside you that you've been afraid to broadcast.
